

Free API Websites

This document is the search results for the best free API sites.

First API site: <https://fakestoreapi.com/>

Advantages:

- Free site
- provides free online e-commerce REST API
- has a complete e-commerce API including User, Cart, Category, and products
- can also set up this web service in your local
- **API key** — Not required

Second API Site: <https://storerestapi.com/>

Advantages:

- Free site

Disadvantages:

- Cart API not found in this site
- Order API not found in this site
- There is API for :
 - Product
 - Users
 - Category

Recommendation:

(I recommend the site [fakestoreapi](https://fakestoreapi.com/) because it is easy to use, free, and provides an API related to products, card, user, and category)
